Academ's Fury (Codex Alera Book 2) By Jim Butcher

In *Furies of Calderon*, #1 *New York Times* bestselling author Jim Butcher introduced readers to a world where the forces of nature take physical form. But now, it is human nature that threatens to throw the realm into chaos...

For centuries, the people of Alera have harnessed the furies—elementals of earth, air, fire, water, wood, and metal—to protect their land from aggressors. But no fury can save them from the dangers they face within. A mysterious attack from across the sea has weakened the First Lord. Should he fall, a bloody civil war is inevitable. Editorial Review

From Publishers Weekly

Best known for his Harry Dresden fantasy noir novels (*Dead Beat*, etc.), bestseller Butcher shows he's equally adept at epic fantasy in the second Codex Alera book. Two years after the events of *Furies of Calderon* (2004), the First Lord of Alera, Gaius Sextus, struggles to control a realm facing growing border troubles and civil strife as High Lords scheme to advance their own causes. Fortunately, Gaius has loyal supporters such as his nephew Tavi, now a 17-year-old Academ, a student of Alera Imperial's great Academy, who also serves as Gaius's page and is secretly training to become a Cursor, one of the First Lord's elite spies. Then Gaius falls ill, leaving those closest to him, including Tavi, desperate to keep his weakness secret. With Cursors being murdered, an ancient menace known as the "vord" heading for the capital and civil war on the horizon, Tavi has his work cut out for him. Butcher skillfully weaves in the necessary back story without slowing the pace. Solid world-building, intriguing characters and vivid action make this a solid addition to a marvelously entertaining series.

Tavi, the young hero of *Furies of Calderon* (2004), is now in the capital, ostensibly serving as a page but secretly training to become a spy. When the first lord falls to a sorcerous attack, Tavi and his closest friends and teachers must conceal the lord's condition lest the realm fall into civil war. In the Calderon Valley, a long-forgotten horror awakens and heads for the heart of Alera, while Tavi's closest relative, the newly appointed Steadholder Isana, faces at least two sets of assassins. This is a fine coming-of-age, fantasy-action novel. The characterizations are excellent, and the plotting is very well developed. The second book of the Codex Alera, though not as exciting as *Furies*, includes plenty of action, and Butcher provides enough background so that it can be enjoyed without having read its predecessor. *Frieda Murray*
