### No Greater Love By Danielle Steel

It was the maiden voyage of the *Titanic*, the greatest ship ever built, and in one fatal, unforgettable night, the sea shattered the lives and future of an extraordinary family, the Winfields.

Edwina Winfield, returning from her engagement trip to England with her fiance and her family, instantly loses her parents, the man she loved and her dreams. Without even time to mourn, she courageously defies convention to run her family's California newspaper and care for her five younger siblings. Unable to forget her fiance Charles, she is determined never to marry, to keep her family together, and to fight to survive as a woman alone. But Phillip, her beloved oldest brother, sets out for Harvard and tragically betrays her trust. Madcap brother George turns to the excitement of Hollywood during its magical days, not to the Winfield publishing empire. And lovely Alexis, who narrowly escaped death when the *Titanic* went down, grows into a troubled runaway whom even Edwina's love may not be able to save. The two youngest, Fannie and Teddy, remain with Edwina at home.

Compelling and deeply moving, **No Greater Love** questions a woman's choices and the price she must pay for making them. And in an unforgettable climax, it offers an answer—as Edwina confronts the ghosts haunting her and take an extraordinary risk for her future and her heart.

#### Amazon.com Review

While hearts may go on after a tragedy occurs, they are never the same. Prolific bestselling author Danielle Steel revisits this familiar theme in *No Greater Love*. Twenty-year-old Edwina Winfield is forced to assume the role of head of the household, becoming both mother and father to her five younger siblings after her parents and beloved fiancé drown during the disastrous sinking of the *Titanic*. Determined never to marry, Edwina must also run the family newspaper until her younger brothers are old enough to step in. But next-in-line Phillip heads first to Harvard and then is tragically killed during World War I. Fun-loving George is wooed by the lights of Hollywood and exquisite sister Alexis follows in his footsteps. While tending to the youngest children, Fannie and Teddy, Edwina must assist the rest of her siblings out of their many scrapes and escapades. Along the way, she comes to terms with her loss and is finally able to put the events of the fateful night of April 15, 1912, the night the *Titanic* made its final voyage to the bottom of the sea, behind her and let love into her heart once more. --Alison Trinkle

#### From Publishers Weekly

Steel ( *Heartbeat* ) shamelessly plucks her readers' heartstrings in this predictably sentimental novel. In 1912, during a harrowing Atlantic crossing, 20-year-old Edwina Winfield loses her parents and fiance in the sinking of the R.M.S. *Titanic* . She bravely shoulders full responsibility for her younger siblings--sensible Philip, wiseacre George, angelic Alexis and toddlers Fannie and Teddy--and resigns herself to spinsterhood, certain she will never wish to marry. Financially if not emotionally secure in San Francisco, she ponders the fate of their father's newspaper business, capably mothers her brood and politely declines the amorous advances of a family friend. Additional tragedy awaits in the form of WW I and, again, tears are shed, but the indomitable Winfields prevail, eventually gaining access to glamourous 1920s Hollywood. As George develops a career in the movie industry and stunning blonde Alexis dreams of stardom, readers will begin to suspect that long-suffering, virtuous Edwina might have another chance at happiness (read: true love). Steel can never be accused of subtlety, but fans of her brand of romance won't be disappointed. Literary Guild and Doubleday Book Club main selections; author tour.

It was the maiden voyage of the *Titanic*, the greatest ship ever built, and in one fatal, unforgettable night, the sea shattered the lives and future of an extraordinary family, the Winfields. Edwina Winfield, returning from her engagement trip to England with her fiancé and her family, instantly becomes a woman mourning the death of her parents and the man she loved. She returns to San Francisco with her five younger siblings and takes responsibilities at the family newspaper and at home that are overwhelming and unexpected. Edwina is intent on keeping the family together and Phillip, the oldest boy, tries to help before going on the Harvard and the Great War. But madcap George, the source of laughter in the family, is drawn to Hollywood, and his sister Alexis eventually follows him, courting both excitement and disaster in the film world. For twelve years Edwina carefully avoids any romantic involvements, but as each child sets off on his or her own--to Hollywood, to Europe, and elsewhere--Edwina frees herself from the ghosts of those she loved and lost on the *Titanic*. Her life is far different than it would have been, but in some ways far more exciting than she expected.
