Editorial Review

About the Author

Dino Esposito is a well-known web development expert. He speaks at industry events, including DevConnections and Microsoft TechEd, contributes to MSDN® Magazine and other publications, and has written several popular Microsoft Press books, including Microsoft ASP.NET and AJAX: Architecting Web Applications.

Even though he's still a teenager (15 years old), Francesco Esposito has accumulated significant experience with mobile application development for a variety of platforms, including iOS with Objective C and MonoTouch, Android via Java, Windows Phone, and even BlackBerry. He wrote most of the code for IBI12—the official app for the Rome ATP Masters 1000 tennis tournament. When not writing apps, hanging out with friends, or practicing water polo, he likes going to school where his secret goal is to achieve the highest marks ever so he can get a scholarship and buy his own Surface tablet.

Users Review

From reader reviews:

Clyde Harlan:

Have you spare time for any day? What do you do when you have considerably more or little spare time? Yes, you can choose the suitable activity with regard to spend your time.
