## A Frequency Dictionary of Czech: Core Vocabulary for Learners (Routledge Frequency Dictionaries) By František Cermák, Michal Kren

*A Frequency Dictionary of Czech* is an invaluable tool for all learners of Czech, providing a list of the 5,000 most frequently used words in the language.

Based on data from a 100 million word corpus and evenly balanced between spoken, fiction, non-fiction and newspaper texts, the dictionary provides the user with a detailed frequency-based list, as well as alphabetical and part of speech indexes.

All entries in the rank frequency list feature the English equivalent, a sample sentence with English translation and an indication of register variation. The dictionary also contains twenty thematically organised and frequency-ranked lists of words on a variety of topics, such as family, food and drink and transport.

*A Frequency Dictionary of Czech* enables students of all levels to get the most out of their study of vocabulary in an engaging and efficient way. It is also a rich resource for language teaching, research, curriculum design, and materials development.

A CD version is available to purchase separately. Designed for use by corpus and computational linguists it provides the full text in a format that researchers can process and turn into suitable lists for their own research work.
