### Editorial Review

From Publishers Weekly

Adapted from husband and wife Bennett and Gottesfeld's (previously teamed for *University Hospital*) stage drama of the same name, this time-travel view of the Holocaust is long on gimmickry and short on history. Nicole Burns is a self-absorbed teenager only too quick to believe what she reads on the Internet about Anne Frank's Diary being a forgery. When her class visits an exhibit about Anne Frank, the students are assigned the identities of Jewish teenagers during the Holocaust, to make the experience more vivid. Shots ring out and "a sudden pain pierced Nicole, red-hot"; Nicole regains consciousness to find herself in wartime France, living out the destiny of the teen whose name she was given at the museum. Bennett and Gottesfeld acknowledge their debt to Jane Yolen's *The Devil's Arithmetic* (Nicole's class is supposed to watch the TV adaptation of the work, which also involves an unappreciative teen's journey back through time into the Holocaust), but this treatment doesn't measure up. The time-travel mechanism is inconsistent and incompletely developed, and the writing is flimsy. Ironically, given the attention it pays to the authenticity of Anne Frank's diary, this story includes a pivotal encounter with Anne Frank that blithely contradicts what is known of Frank's life following her family's arrest; here, on a train to Auschwitz, she is cheerful and stalwart in her faith in God. For the increasing number of young readers familiar with this period of Frank's life, this authorial liberty may cast doubt on the accuracy of other parts of the story. Ages 12-up.

From School Library Journal

Gr 7-9-Nicole Burns believes the Holocaust is ancient history, and wonders why she has to study it in school. Turning to the Internet for some information on the period, she encounters a site run by Holocaust deniers. The next day, on a field trip to an Anne Frank exhibit with her class, the sound of gunfire transports her back in time to Occupied Paris where she finds herself the eldest daughter in a Jewish family, even though she herself is not Jewish. Although unwilling to let go of memories of her life as a modern American teenager, Nicole eventually finds them beginning to fade as survival becomes more difficult. En route to a concentration camp, the teen meets Anne Frank in a cattle car. When Nicole eventually awakens from her Holocaust nightmare, she understands the truth and becomes a changed person. The authors have adapted their 1998 play of the same title into this novel, but it never attains the intensity or the pathos of *The Diary of Anne Frank* or Jane Yolen's *The Devil's Arithmetic* (Viking, 1988). However, it will appeal to teens interested in Holocaust stories.-Sharon Grover, Arlington County Department of Libraries, VA

Gr. 6-8. As Nicole Burns' tenth-grade class is touring the *Anne Frank in the World* exhibit, shots ring out and she is injured, catapulting her into World War II France. In this time warp, she is Nicole Bernhardt, the daughter of a prominent Jewish doctor and his wife who bear a remarkable resemblance to her history teacher and high-school principal. Her world becomes one in which she must endure the early indignities of being Jewish, enforced hiding as the Germans tighten their hold on France, and the eventual horrors of a Nazi concentration camp. Similar but less tightly constructed than Jane Yolen's *The Devil's Arithmetic* (1988), this novel is strongest as Nicole gradually forgets her twenty-first-century existence and becomes totally a Jewish teen of the 1940s. As a book, this adaptation of a well-reviewed off-Broadway play, is a

didactic counterpart to *The Diary of Anne Frank* and Yolen's novel. *Frances Bradburn*
