### Creating the Kingdom of Ends By Christine M. Korsgaard

Christine Korsgaard has become one of the leading interpreters of Kant's moral philosophy. She is identified with a small group of philosophers who are intent on producing a version of Kant's moral philosophy that is at once sensitive to its historical roots while revealing its particular relevance to contemporary problems. This collection contains some of the finest work being done on Kant's ethics and will command the attention of all those involved in teaching and studying moral theory.

## **Editorial Review**

### **Review**

"This collection is essential for any student or teacher of Kantian ethics....She is excellent at conveying 'the big picture', at showing what makes Kant's approach distinctive and compelling." Lara Denis, *Philosophy in Review*

"...this richly suggestive and ingeniously argued group of essays is a welcome addition to a growing body of literature that means to take Kant seriously without checking at the door common notions of decency and prudence." Susan Meld Shell, *Review of Metaphysics*

"She writes with painstaking care, great intelligence and a powerful philosophical imagination. Her sights are often fruitfully turned against utilitarianism and what she sees as much modern ethics' `misguided emulation of science'.(pxii) Those who agree, as I do, with her rejection of these things can find in Kant's ethical writings an inexhaustible resource that her reading of them does much to illuminate. Those who do not would be foolish to ignore this impressive collection." James Lenman, *Ethical Theory and Moral Practice*

"The papers in this book contain...the heart of Korsgaard's work: a variety of fresh and illuminating insights into Kant's moral theory and its relation to contemporary ethical theory which have helped to reshape the image of Kant's ethics and to refocus the issues dealt with in current moral philosophy." Allen W. Wood, *The Philosophical Review*

"Clearly worth reprinting, Korsgaard's writing sparkles with original explanations and interpretations of Kant." *International Studies in Philosophy*, Sidney Axinn

### **From the Back Cover**

This collection of thirteen essays is divided into two parts. Part One offers an exposition and interpretation of the moral philosophy, and could serve as a commentary on *The Groundwork on the Metaphysics of Morals*. Part Two compares and contrasts Kant's philosophy with other influential moral philosophies, both historical (Aristotle, Sidgwick, Moore, and Hume) and contemporary (Williams, Nagel, and Parfit). This collection contains some of the finest work being done on Kant's ethics and will command the attention of all those involved in teaching and studying moral theory.

## **Users Review**

### **From reader reviews:**

#### **Paul Ring:**

What do you with regards to book? It is not important to you? Or just adding material when you require something to explain what the ones you have problem? How about your free time?
