## Modernism, Postmodernism, and the Short Story in English (Postmodern Studies) From Brand: Rodopi

How can the short story help to redefine modernism, postmodernism and their interrelationship? What is the status of the short story in modern literary history? These are the central questions that the essays collected in this volume try to answer from different perspectives through readings of short fiction in English and accounts of the genre's theorisations. The essays by a group of international scholars tackle theoretical issues that are central in approaches to both "movements" such as periodisation, autonomy, high vs. popular literature, totality vs. fragmentation, surface vs. depth, otherness, representation, and, above all, the subject and its vicissitudes. Because it blends theory-based arguments into the approaches to the short fiction of mainly canonical authors (Joyce, Woolf, Lewis, Ballard, Carter, Rushdie, or Wallace), *Modernism, Postmodernism, and the Short Story in English* is of interest not only to readers and scholars of the short story, but also to those coming from the fields of literary theory and literary history.

[...]subversive quality [...] What is more, Sacido's essay collection offers an original and ground-breaking approach to the role of the short story in modernist and postmodernist aesthetics that neither specialists in the short story genre nor those interested in twentieth century literature or criticism should miss. "The present volume is an inspiring collection of essays which succeeds in engaging the reader in a thought-provoking discussion on issues which are presently at the core of literary and artistic debates, such as the definition and delimitations of the short story, as well as the ideas and problematics of modernist and postmodernist creation. [...] Sacido's collection of essays becomes, therefore, a fundamental work of reference central to any discussion not only on literary theory and history, but also on the status of cultural forms of representation." - Isabel Andres Cuevas, *University of Grenada*, in *miscelanea: a journal of English and American studies* 50 (2014) pp. 173-7 "[...]subversive quality [...] What is more, Sacido's essay collection offers an original and ground-breaking approach to the role of the short story in modernist and postmodernist aesthetics that neither specialists in the short story genre nor those interested in twentieth century literature or criticism should miss." - Carmen Lara Rallo (Universidad de Malaga), in *ATLANTIS - Journal of the Spanish Association of Anglo-American Studies* 36.1 (2014), pp. 179-183 "[...] its daring variety, its capacity to challenge hackneyed binary notions about Modernism and Postmodernism, and, above all, its critical perceptiveness turn it into profitable reading for all those who feel inclined to believe that the short story is a genre of and for the future." - Jose Antonio Alvarez Amoros (Universidad de Alicante), in *International Journal of English Studies* 14.1 (2014), pp. 125-130
