Physics, Volume 1 By Robert Resnick, David Halliday, Kenneth S. Krane

Written for the full year or three term Calculus-based University Physics course for science and engineering majors, the publication of the first edition of **Physics** in 1960 launched the modern era of Physics textbooks. It was a new paradigm at the time and continues to be the dominant model for all texts. Physics is the most realistic option for schools looking to teach a more demanding course.
