## The Snapping of the American Mind: Healing a Nation Broken by a Lawless Government and Godless Culture By David Kupelian

AMERICA THE BEAUTIFUL HAS BECOME AMERICA THE BIZARRE. Government openly defies the law, Christians are prosecuted as criminals, children transition to the opposite sex, the president supports our enemies and 130 million Americans depend on mind-altering substances just to get through life.

Turbocharged by the Obama presidency, long-coalescing forces of the political and cultural Left are bringing about their much-heralded fundamental transformation of America. That much everyone knows.

But this revolution is also causing a fundamental transformation of Americans in profoundly negative ways. In *The Snapping of the American Mind*, veteran journalist and bestselling author David Kupelian shows how the progressive Left which today dominates America's key institutions, from the news and entertainment media, to education, to government itself is accomplishing much more than just enlarging government, redistributing wealth, and de-Christianizing the culture. With the Left's wild celebration of sexual anarchy, its intimidating culture of political correctness, and its incomprehension of the fundamental sacredness of human life, it is also, whether intentionally or not, promoting widespread dependency, debauchery, family breakdown, crime, corruption, addiction, despair, and suicide.

Surveying this growing chaos in American society, Kupelian exposes both the utopian revolutionaries and their extraordinary methods that have turned America's most cherished values literally upside down to the point that madness is celebrated and normality demonized.

### Editorial Review

#### Review

David Kupelian is one of the most thought-provoking and iconoclastic writers I know. --Sean Hannity, top-rated radio and television host and author

David Kupelian's *The Snapping of the American Mind* chronicles the decline and fall of America and shows that it is no accident, but rather a direct result of progressive misrule an eye-opening, scary and galvanizing book. --Dinesh D'Souza, author and filmmaker

In *The Snapping of the American Mind*, David Kupelian makes it crystal clear that the Left's first and ultimate target is none other than the American mind itself. In an era when our nation's Judeo-Christian foundation is coming under increasingly open and brutal attack, Kupelian's powerful and redemptive book couldn't have come at a better time. --David Barton, historian, author, and founder of WallBuilders

#### From the Inside Flap

In *The Snapping of the American Mind*, you'll discover:

- How the Left has succeeded in redefining not just "marriage," but the rest of Americans' core values, from "equality" to "justice" to "freedom";
- Why the United States is intentionally being flooded with millions of needy, dependent, Third World immigrants;
- How a group that amputates healthy body parts and has a 41 percent attempted suicide rate is officially declared "normal," yet new "research" suggests conservatives have malformed brains;
- Which of the two major US political parties has a far higher incidence of mental illness;
- Why Americans today are more stressed-out, confused, conflicted, and addicted than at any time in the nation's history?and where this ominous trend is leading.

Fortunately, *The Snapping of the American Mind* also explores how America truly can be restored to her former, and still underlying, goodness and greatness?and just as important, how individuals, despite living in an age of high anxiety, moral confusion, and growing chaos, can find genuine happiness and personal healing.
