The Universal One By Walter Russell

Brand New - Original First Printing, First Edition with Hardcover Case
Nikola Tesla told Walter Russell to lock his cosmology in a sepulcher for a thousand years because mankind was not ready for it. Though a century or more ahead of its time, The Universal One, uniting spiritual Cause and scientifically observable Effect in a seamless whole, is now appealing to the many people-scientists and laymen alike-who are examining the nature of science and consciousness. In this 1926 historic volume, Walter Russell first reveals the possibility of transmutation of the elements. This is a universe of Mind, a finite universe, limited as to cause, and to the effect of cause. A finite universe, in which the effects of cause are limited, must also be limited as to cause; so when that measurable cause is known, then can man comprehend and measure all effects. The effects of cause are complex and mystify man, but cause itself is simple. The universe is a multiplicity of changing effects of but One unchanging cause. All things are universal. Nothing is which is not universal. Nothing is of itself alone. Man and Mind and all creating things are universal. No man can say: 'I alone am I.' There is but One universe, One Mind, One force, One substance. When man knows this in measurable exactness then will he have no limitations within those which are universal." - Walter Russell, from The Prelude to The Universal One.

Editorial Review

About the Author

Walter Russell was a brilliant author, scientist, business consultant, sculptor, illustrator, portrait painter, figure skater, architectural designer and philosopher who believed that every man has consummate genius within him. He and his wife opened the University of Science and Philosophy to further his science research and philosophical work. This book was distributed to scientists internationally by the author after its writing in 1926, and is now a collector's item.

Users Review

From reader reviews:

Alfonso Miller:

What do you regarding book? It is not important to you? Or just adding material when you really need something to explain what the one you have problem? How about your extra time?
