Back to the Truth: 5000 years of Advaita By Dennis Waite

Advaita is a spiritual philosophy based on the Upanishads, older than most other religious systems we know about but also the most logical and scientific in its approach. This book is a systematic treatment of Advaita which demystifies it, differentiating between approaches and teachers, enabling you to decide which approach is most suitable for you. It compares the scriptures of traditional Advaita with the words of contemporary sages and neo-Advaita. Should we ignore the mind? Is the world real? Is there anything we can do to become enlightened? These questions and many more are addressed, with explanations given in their own words from those who discovered the truth. A massively comprehensive, definitive work.

Editorial Review

Review

His book provides a rich experience for those who enjoy pondering the deepest questions, not only regarding Advaita, but ultimately the Truth beyond all labels. Nirmala (Teacher and author of "Nothing Personal: Seeing Beyond the Illusion of a Separate Self") A wonderful book. Encyclopedic in nature, and destined to become a classic. James Braha (Author of "Living Reality: My Extraordinary Summer with 'Sailor' Bob Adamson") This is definitely one of the most complete and exhaustive books on advaita ever, and is the first book that I have seen that not only deals with advaita but also expands upon the various different types and styles of teachings including contemporary ones, analyses and compares them and helps the seeker in selecting the one that matches his temperament the most. Dr. Nitin Trasi, author of "The Science of Enlightenment" Dennis has poured his love of Truth and humanity into this precise and luminous work. Highly recommended. Isaac Shapiro, Teacher and author of "Outbreak of Peace" A profoundly astute and masterful guide to the field of Self-discovery. An authoritative scholar, Dennis writes with supreme clarity as he skilfully expounds, logically analyzes and insightfully integrates the wisdom of classical and contemporary teachers with the principles of Advaita. Katie Davis, Teacher and author of "Awake Living Joy: The Essence of Spiritual Enlightenment" Dennis Waite is the West's pre-eminent expicator of Advaita Vedanta. In driving home his point that our nature is Awareness, Dennis brings to light many of Advaita's "hidden" teachings, which have never been circulated outside of specialist schools. He also does something I've never seen anywhere in print. He opens a critical dialogue between the ancient and the modern paths, whose exponents don't always agree. Fascinating! Dr. Gregory Goode, PhD (Philosophy), Philosophical Counselor and non-dual teacher. Absolutely brilliant...an ease of writing with a water-tight argument outlining the great universal truths. This book will become a modern classic. A milestone in the history of Advaita. Paula Marnelly, author of "The Teachers of One" and "Women of Wisdom" We must congratulate Dennis Waite on his highly researched study of Advaita which comprehensively states all the different aspects and angularities of this Great Teaching. It will surely prove to be a most helpful guide to the contemporary reader. Alan Jacobs, President of the Ramana Maharshi Foundation UK and author of "The Principal Upanishads," "The Bhagavad Gita," "The Wisdom of Balsekar" and others. I have played an imaginary game which has a teacher/guru who is composed of various elements of known teachers; let's say Francis' poetic language skills, Tony's natural friendliness and accessibility, Ramesh's Indian credibility (don't know how this would manifest), Ramana's holy gaze, Wayne's laugh, Satyananda's handsome face, etc etc etc... well since this cannot be in the flesh I can console myself with finding it as your book! Monica Alderton Dennis Waite's book "Back To The Truth" is a superb exploration into the vast subject that is Advaita philosophy. As a student of the Sanskrit language he is well qualified to delve more deeply into the background texts, which make up traditional Advaita, than most people who are interested in the subject. This excellent and long awaited book also takes an extensive look at modern teachers and writers on Advaita, and, I would say, is essential reading for anyone at all interested in the subject. It is a clear and refreshing overview of the whole genre that is Advaita - not just one aspect of it - offering the facts, from the historical past right up until today, when non-dualistic teachings abound but often emphasise different aspects of the historical teachings. This is a tool for anyone who genuinely wishes to gain a thorough comprehension of Advaita. Roy Whenary author of "The Texture of Being" A beautiful, articulate and extensive, yet compact anthology of pointers advertiring to Truth. This compilation in itself is all that is needed for true understanding. Justus Kramer Schippers, Teacher and author of "Living from Neutrality" This work is a major achievement and should appeal to a wide audience of serious seekers and other students of life. Moller de la Rouviere, author of "Spirituality Without God" "Back To The Truth" is a comprehensive treatise on Advaita for those with an abiding interest in this subject. Dennis Waite is an experienced seeker and author who has the knack of imparting an immediate and satisfying sense of the underlying themes. The

text is lucid, the references relevant and wide ranging, and the overall effect expansive and clarifying. This book is recommended to experienced Advaitins, as well as to those whose initial interest has led to a desire for a comprehensive review of the principles underlying this remarkable philosophy. John Lehmann, Principal, School of Advaita, Philosophy Foundation, Waltham, Massachusetts, USA Using a variety of relevant sources, Dennis Waite brilliantly succeeds in challenging the validity of the beliefs we use to protect our non-existent ego from total annihilation. Chuck Hillig, Author of "The Enlightenment Quartet" Dennis Waite in his new book on Advaita has given us a detailed, clear and balanced study of what this ancient wisdom means to us modern seekers, particularly with respect to the differences between the traditional school based on the scriptures and the more direct approach which finds favour with many spiritual seekers today. He has cleared away unnecessary verbiage which surrounds this abstruse subject. Mr Waite deftly and cogently outlines the complex richness of the Advaitic view of the world and our relationship to it with a simplicity that only a person in command of his subject can reveal. The Mountain Path (Journal of Sri Ramanasramam) Dennis Waite's strength as an author and scholar of Advaita really shows. He is thorough and exhaustive in his examination of the Advaita teachings, a sort of Ken Wilber of the Advaita world. His book is excellent for "beginners" and newcomers to Advaita simply because he covers all the bases with scrupulous honesty. But his writing is also excellent for long time seekers and those who have already "gotten it," those who have already had a profound opening and may wish to compare notes and sit back and sip the wine of a fine overview of this most ultimate of spiritual pathways to the Home that we never truly left. Philip T. Mistlberger, Teacher and Author of "A Natural Awakening: Realizing the True Self in Everyday Life" This is the most comprehensive, academic book on the so called "tradition" of non-duality we have seen. The questions, and curiosity within, may assist in turning over every rock. . The material here may be like a mirror-snake that reflects on itself, while eating its own tail - a disappearing act. Brian Lake and Naama Livni, Teachers

About the Author

Dennis Waite has been a student of Advaita for over 20 years and maintains one of the most visited websites on the subject. He is a member of the Ramana Maharshi Foundation and a moderator for the Advaitin e mail group. He lives in Bournemouth, England. He has previously published The Spiritual Seeker's Essential Guide to Sanskrit (Black & White) and The Book of One (O Books).

Users Review

From reader reviews:

Marilyn Washington:

Do you have favorite book? In case you have, what is your favorite's book? Publication is very important thing for us to find out everything in the world. Each reserve has different aim as well as goal; it means that reserve has different type. Some people feel enjoy to spend their time to read a book. They are reading whatever they acquire because their hobby is definitely reading a book. Consider the person who don't like looking at a book? Sometime, individual feel need book if they found difficult problem or exercise. Well, probably you will want this Back to the Truth: 5000 years of Advaita.

April Wages:

The book Back to the Truth: 5000 years of Advaita can give more knowledge and also the precise product information about everything you want. Why must we leave the great thing like a book Back to the Truth: 5000 years of Advaita? Some of you have a different opinion about reserve. But one aim which book can give many info for us. It is absolutely proper. Right now, try to closer with the book. Knowledge or facts that

you take for that, it is possible to give for each other; you could share all of these. Book Back to the Truth: 5000 years of Advaita has simple shape nevertheless, you know: it has great and big function for you. You can seem the enormous world by start and read a reserve. So it is very wonderful.

Natalie White:

Here thing why that Back to the Truth: 5000 years of Advaita are different and trusted to be yours. First of all studying a book is good nonetheless it depends in the content of it which is the content is as delicious as food or not. Back to the Truth: 5000 years of Advaita giving you information deeper as different ways, you can find any publication out there but there is no guide that similar with Back to the Truth: 5000 years of Advaita. It gives you thrill studying journey, its open up your eyes about the thing this happened in the world which is might be can be happened around you.
