## Editorial Review

From Publishers Weekly

Murder, kidnapping, mistaken identity and deeply buried secrets make Slaughter's latest audiobook an emotional roller-coaster ride of mystery and suspense. Affluent Atlanta housewife Abigail Campano, arrives home to find a man standing over the corpse of a teenage girl she thinks is her daughter. She kills him in a blind rage, but learns later that he and the dead girl were friends of her daughter, who has been kidnapped. Georgia Bureau of Investigation agent Will Trent and APD detective Faith Mitchell are assigned to find Emma. Phil Gigante powerfully drives this suspenseful story forward with a sincere and nuanced reading. Moving easily between characters, he conveys each of their complex relationships and emotions, whether its the underlying tension from Trent and Mitchells forced partnership or Abigail's suffering over the loss of her child and the guilt over having killed an innocent man. *A Delacorte hardcover (Reviews, May 12). Best-selling novelist Slaughter is most well known for her Grant County series, but here she follows up on the characters introduced in *Triptych* (2006). Will Trent, of the Georgia Bureau of Investigation, needs a GPS system to find his way to the crime scene in Ansley Park, one of Atlanta's oldest and wealthiest suburbs. Once on the scene, however, he is the only one to intuit the true specifics of the case, much to the irritation of the Atlanta PD. Suburban mom Emily Campano, returning home early, finds the severely beaten body of her teenage daughter, Emma, and instinctively attacks the seeming perpetrator, strangling him. Will soon discovers, however, that the dead teen is not Emma but her best friend. He is charged with heading up the investigation into Emma's kidnapping and saddled with a partner from the Atlanta PD, an officer who has her own reasons for hating him. Possible motives and suspects abound as they home in on the girl's posh private high school, a veritable cauldron that mixes cruel social climbing with sexual manipulation, among both the faculty and their pupils. As Will makes headway on the case, he must also struggle to compensate for his severe dyslexia, smooth the tensions with his new partner, and hide the emotional scars of a childhood spent in an orphanage. Slaughter brings breakneck pacing and emotional intensity to what could well be a series compelling enough to rival her Grant County novels. In addition, she ups the ante by starkly revealing the great emotional divide that separates those who have experienced severe trauma from those untouched by tragedy. --Joanne Wilkinson
