The Gospel according to Moses: Theological and Ethical Reflections on the Book of Deuteronomy By Daniel I. Block

To many people the law stands in opposition to the gospel. While it may be possible to read Paul's epistles this way, the book of Deuteronomy will not allow this reading. Like the book of Romans in the New Testament, Deuteronomy provides the most systematic and sustained presentation of theology in the Old Testament. And like the Gospel of John, it represents mature theological reflection on God's great acts of salvation, in this case associated with the exodus of Israel from Egypt. The gospel according to Moses begins and ends with the gracious work of God for undeserving subjects. In a book that consists largely of Moses' farewell sermons to his congregation, Israel's first pastor seeks to inspire his congregation to a life of faith and godliness in response to God's great mercy. Unfortunately, for many Christians, Deuteronomy is a dead book, because we have lost sight of the gospel. The essays in this collection arise from a larger project driven by a passion to recover for Christians the life-giving message of the Old Testament in general and the gospel according to Moses in particular. The "meditations" in this volume cover a wide range of topics, from explorations into the origins of Deuteronomy to considerations of the ethical and homiletical relevance of the book for Christians today.
