Bush Wars: Africa 1960–2010 (Force on Force) By Ambush Alley Games

With its many tribal, political, religious, and cultural divisions, Africa has long been a continent at war - both with itself and with others. For much of the 20th century, there has been a near-constant state of military unrest, from Cold War proxy wars with Soviet and Western powers supporting their African allies in live-fire incarnations of this ideological struggle, and revolutions against established regimes, to foreign interventions under the banner of peacekeeping and mercenary operations alike. Bush Wars, the latest Force on Force companion, brings this hotbed of unrest to the wargaming table, with scenarios, orders of battle and background information.

Editorial Review

About the Author

Ambush Alley Games are the producers of fine historical, horror, and science fiction miniature games. Founded in 2007, this Oklahoma-based company captured the imaginations of modern military gamers with their flagship game, Ambush Alley, and followed up on that success with Ambush Z (a zombie & horror/survival game), various well-received historical expansions, and Force on Force, a rule-set for asymmetrical and kinetic warfare in the post-war to modern period.

Users Review

From reader reviews:

Daniel Smith:
