Foundations of Education (What's New in Education) By Allan C. Ornstein, Daniel U. Levine, Gerry Gutek

FOUNDATIONS OF EDUCATION, Eleventh Edition, helps students understand the key educational issues and policies affecting American education. Through an array of applied features, the authors help to prepare students for their careers by tying the book's themes to students' future practice. These include "TeachSource Video Cases," "From Pre-Service to Practice" real-world teaching examples, and "Certification Connection Activities." Reflective pedagogy encourages students to form their own unique philosophy of teaching, laying a strong foundation for a lifelong career. Completely up-to-date throughout, this eleventh edition also provides the latest information on accountability, technology, diversity, and many other important topics.

Editorial Review

Review

"This is the most carefully researched and edited text of this nature on the market. It comprehensively covers the range of issues that should be addressed in foundations/introduction to education courses, provides excellent teaching tools and available resources, and offers excellent teaching and learning activities throughout."

"[This] is an extremely well researched and informative textbook. The information is presented to the students in a clear manner. . . . The range of the topics covered in this Foundations of Education textbook is extensive."

"Ornstein and Levine have compiled a comprehensive survey of material important to building a knowledge base for professional practice. It is based on sound scholarship and offers students the opportunity to learn and to think critically about information necessary to meet the standards and guidelines set forth by numerous accrediting and governmental agencies. My overall opinion of this textbook is that it is the best one available to meet the needs of my students and program. . . . It presents the information without editorial (or authorial) comment and I appreciate that stance."

About the Author

Allan Ornstein (Ph.D., New York University) is Professor of Education at St. John's University in New York. He is the author of more than 55 texts and 400 articles and research papers, and has served as a consultant for more than 60 government and educational agencies. He is a co-author of FOUNDATIONS OF EDUCATION, now in its twelfth edition (Wadsworth Cengage Learning).

Daniel Levine is a former Professor of Education at the University of Nebraska at Omaha, and before that at the University of Missouri at Kansas City. Dr. Levine has authored numerous journal articles and papers on urban education, school reform, and related topics.

Gerald L. Gutek is the former dean of the School of Education at Loyola University in Chicago. He updates "Part Two: Historical and Philosophical Foundations" in this edition of FOUNDATIONS OF EDUCATION.

Users Review
