Ramona's World (Ramona Series) By Beverly Cleary

Ramona Quimby can't wait to start fourth grade. With a new baby sister to brag about, new calluses to show off, and a new best friend to get to know, everything's going to be great!

Or is it? When Ramona's spelling is atrocious, her teacher, Mrs. Meacham, is firm about her needing to improve. Then a scary incident at a friend's house leaves Ramona feeling at fault. Who knew growing up could be filled with such complicated situations?

Newbery Medal winning author Beverly Cleary's final book in the Ramona series has all of the warmth, realism, and humor of its predecessors.

Amazon.com Review

Ramona Quimby is back! Beverly Cleary's best-loved and most exuberant character has been winning friends since the 1950s when she made her first appearance as Beezus's pesky little sister. Now, in Cleary's first Ramona book in 15 years, our beloved spitfire is 9 years old, and she fully intends to make fourth grade the best year of her life. Even with her spelling struggles, a new baby sister, and a fall through her best friend's ceiling, her wish seems to be coming true. Old friends Yard Ape and Howie are still around--and with her new best friend Daisy, Ramona is on top of her world! The ever-popular Cleary has been awarded many honors, including the prestigious Newbery Medal for *Dear Mr. Henshaw* in 1984. Two books in the Ramona series, *Ramona and Her Father* and *Ramona Quimby, Age 8*, were named Newbery Honor Books. Cleary's masterful expression of children's emotions endears her to the hearts of her young readers, time after time. Who else could know just what it feels like to accidentally make a funny face during the school pictures, or the dread of being forced to play with the annoyingly perfect Susan? Happily, Cleary is still teamed up with illustrator Alan Tiegreen, whose simple line drawings capture the most complex of childhood predicaments. (Ages 8 to 12) --*Emilie Coulter*

From Publishers Weekly

Cleary's first Ramona novel in 15 years opens as this strong-willed heroine enters fourth grade, determined to find herself a best friend. A new girl at school named Daisy fits the bill perfectly and costars in two of the novel's liveliest scenes: she and Ramona vacuum Daisy's cat, and while the two play a game of make-believe in the attic, Ramona's legs break through the floor and dangle over the dining room table. Though the precocious nine-year-old is on relatively firm ground at school ("By the fourth grade she had learned to put up with teachers"), Ramona resents the emphasis that this year's teacher places on correct spelling, tries to tolerate the seemingly perfect Susan and Avery realisticallyAalternately feuds and flirts with classmate Danny (whom she calls Yard Ape because he "acted like an ape on the playground"). On the home front, Ramona stews over her mother's preoccupation with a new baby and rolls her eyes at how sister Beezus (now a high-schooler) tends to integrate her newly acquired French vocabulary into conversation. A couple minor subplots seem dated (e.g., Beezus takes dancing lessons from her father in preparation for her first boy-girl party, to which she wears a blouse with ruffles), but most of Ramona's triumphs and traumas are timeless and convincingly portrayed. "I am a potential grown-up," declares this spunky protagonist on her 10th birthday, proudly trotting out one of her challenge words in spelling. Fans will hope that Cleary has many more growing pains and pleasures in store for Ramona before this potential is realized. 100,000 first printing. Ages 8-up.

From School Library Journal

Grade 2-4-Picking up where *Ramona Forever* (Morrow, 1984) left off, Cleary gives her readers a much-awaited gem with this consistent and expressive look into the world of this beloved character. Here, eager readers find out just how well Ramona adjusts to being a big sister and a fourth grader. Irrepressible as always, she does not fail to satisfy with her antics. Beezus is in high school-getting her ears pierced, baby-sitting, and going to parties with boys-while baby Roberta is, well, busy being a baby. Ramona makes a best friend, falls through an attic ceiling, is a responsible baby-sitter, and struggles with spelling. Once again, Tiegreen provides well-chosen and well-placed black-and-white line drawings throughout. The story concludes with Ramona's 10th birthday, or "zeroteenth" as she is pleased to note. The close-ended chapters relate different episodes in the child's life, a format well suited for reading aloud. Write on Ms. Cleary!-Christy Norris Blanchette, Valley Cottage Library, NY
