Spagyrics: The Alchemical Preparation of Medicinal Essences, Tinctures, and Elixirs By Manfred M. Junius

A comprehensive alchemical guide to plant extractions and their health benefits

- Shows how spagyric methods “open” medicinal plants completely to release powerful healing properties
- Provides a history and philosophy of spagyrics that reveal why Western medicine fails to recognize the full benefit to health offered by plants
- Connects spagyrics to classical alchemical, hermetic, and ayurvedic traditions

The practice of spagyrics is the application of ancient alchemical working methods to the preparation of tinctures, essences, and other products from medicinal plants. While ordinary tinctures and infusions use only a part of the great curative potential of plants, spagyric methods “open” medicinal plants completely to reveal their more powerful healing properties. Drawing on the rich imagery and symbolism of ancient source materials, Manfred M. Junius describes these methods in great detail, showing readers how to prepare plant remedies alchemically for their own use as well as imparting a knowledge of the ideological world in which alchemistic and hermetic thought flowered. *Spagyrics* includes the Plant Magistry of Paracelsus and the Life Elixir recipe of Andreas Libavius among its historic techniques as well as a wealth of scientific information that demonstrates the greater efficacy of alchemical methods of plant essence extraction. This classic source text preserves the nearly forgotten but highly valuable methods of this true hermetic art for preparing natural remedies.

Editorial Review

Review

"What makes Junius's book so special is that it is a practical primer on the subject. Traditional methods are presented as well as more modernized suggestions, but all within the strict confines of tradition. . . . Highly recommended." (*Cauldron Brasil*, May 2007)

If you've always been curious about the real nature of alchemy, this book will help you in that search. If you are looking for more holistic ways to heal, this book will supply many thought-provoking guidelines. It will be cherished by those already familiar with the subject matter, and represents a bold undertaking by its author." (*Barbara Bamgerger Scott, Curled Up With a Good Book*, Oct 2008)

"The word means 'to draw out' and 'divide,' a basic principle of alchemy. The techniques date back at least to Paracelsus and have been said to release powerful healing properties from plants." (*The American Herb Association*, 24:4, February 2010)

"Simply put, this is a classic text on plant alchemy, or spagyrics, for the modern practitioner. . . . Anyone serious about learning alchemy needs to have a copy." (*Mark Stavish, director of the Institute of Hermetic Studies and author of The Path of Alchemy*)

Laboratories and was head of the Australian School of Ayurveda in Adelaide, Australia. His Western alchemical knowledge was obtained through many years of personal instruction from Augusto Pincaldi in Switzerland.

Users Review

From reader reviews:

Alyssa Cox:

What do you about book? It is not important together with you? Or just adding material when you need something to explain what the ones you have problem? How about your time? Or are you busy man or woman? If you don't have spare time to do others business, it is give you a sense of feeling bored faster. And you have time? What did you do? Every individual has many questions above. They must answer that question since just their can do in which. It said that about book. Book is familiar in each person. Yes, it is proper. Because start from on kindergarten until university need this Spagyrics: The Alchemical Preparation of Medicinal Essences, Tinctures, and Elixirs to read.

Theresa Adams:

Many people spending their moment by playing outside with friends, fun activity together with family or just watching TV the entire day. You can have new activity to enjoy your whole day by examining a book. Ugh, ya think reading a book really can hard because you have to bring the book everywhere? It all right you can have the e-book, having everywhere you want in your Smart phone. Like Spagyrics: The Alchemical Preparation of Medicinal Essences, Tinctures, and Elixirs which is obtaining the e-book version. So , why not try out this book? Let's see.

Linda King:

Is it you actually who having spare time after that spend it whole day by watching television programs or just lying down on the bed? Do you need something new? This Spagyrics: The Alchemical Preparation of Medicinal Essences, Tinctures, and Elixirs can be the response, oh how comes? The new book you know. You are so out of date, spending your time by reading in this new era is common not a nerd activity. So what these ebooks have than the others?

Arthur Reaves:

Some people said that they feel bored when they reading a guide. They are directly felt this when they get a half regions of the book. You can choose the actual book Spagyrics: The Alchemical Preparation of Medicinal Essences, Tinctures, and Elixirs to make your own personal reading is interesting. Your personal skill of reading talent is developing when you such as reading. Try to choose basic book to make you enjoy to read it and mingle the feeling about book and looking at especially. It is to be first opinion for you to like to open a book and go through it. Beside that the reserve Spagyrics: The Alchemical Preparation of Medicinal Essences, Tinctures, and Elixirs can to be your friend when you're experience alone and confuse in what must you're doing of their time.
