The 12-Volt Bible for Boats By Miner Brotherton, Edwin Sherman

The 12-Volt Bible for Boats is a clear, nonthreatening introduction to the 12-volt electrical systems used on small boats to power everything from reading lights to bilge pumps. This second edition is thoroughly updated with respect to modern batteries, breaker and panel design, alternative energy sources, and troubleshooting equipment, but it retains the fundamental simplicity that is the source of its enduring popularity (more than 100,000 copies sold).

Editorial Review

Review

"It's the best value and has stood the test of time" - Offshore "A gentle journey through the complexities of electrical circuitry" - Small Boat Journal

From the Back Cover

A How-To Classic

The 12-Volt Bible for Boats is a complete introduction to the 12-volt electrical systems used on small boats to power everything from reading lights to bilge pumps. Written for boaters who are not skilled electricians, it clearly explains how 12-volt systems work and how to install, maintain, and troubleshoot them.

This second edition has been thoroughly updated to include the latest on marine batteries--including AGM and gel-cell batteries, multistage chargers, inverters, new wiring conventions, alternative energy sources, and modern test gear.

"A nuts-and-bolts primer for boatowners."--*Cruising World*

"Every boat with a 12-volt system needs this book on board."--*Atlanta-Journal Constitution*

"A gentle journey through the complexities of electrical circuitry."--*Small Boat Journal*

"This bible is as basic to boat electrical systems as the 10 commandments are to moral behavior. It does not get any more fundamental than this."--*Dockside NW*

About the Author

Miner Brotherton is a longtime boater and professor (retired) of physical sciences and marine electronics who excels at rendering technical boating topics in lay terms. **Ed Sherman** is the assistant director of education at the American Boat & Yacht Council, the country's preeminent standard-making boating body. He is the author of *Outboard Engines* and *Powerboater's Guide to Electrical Systems*.

Users Review

From reader reviews:

Arthur Sanchez:

In this 21st century, people become competitive in each and every way. By being competitive today, people have to do something to make these survive, being in the middle of the actual crowded place and notice by means of surrounding.
