**The Shadow Roads: Book Three of the Swans' War (Swans' War Series) By Sean Russell**

The savage war between two mighty families has ravaged the kingdom both wish to rule—spawning treachery within the ranks of the Renné and Wills, drawing the brave, the innocent, and the malevolent alike into the bloody conflict. But a far more terrible consequence has arisen from the carnage—for Death himself has been roused from his dread domain . . . and is preparing to walk the world again.

### Editorial Review

From Publishers Weekly

Like the River Wynnd at its center, the conclusion to Russell's Swans' War fantasy trilogy (after *The Isle of Battle* and *The One Kingdom*) rolls inexorably along, with many a tributary feeding into the main story. Ancient enchantments combine with contemporary hatreds to fuel a grand war for the kingship of the land, behind which lies a darker plot. The undying children of Wyrr work through human avatars, struggling to find the hidden resting place of their father and to remove or preserve the spell that keeps Death from the mortal realms. Their struggles involve all the folk who live in the land between the mountains, whether warlike or not. Hafydd, the black knight who bargains to release Death, must be defeated by both his enemies (Lady Elise Wills, Alaan the wanderer) and his allies. The story takes on depth from its depiction of myths come to life and the complexities of political struggles where neither side holds a monopoly on virtue or villainy. Unfortunately, the proliferation of warring parents, siblings and cousins leads to confusion as to which "Lord Wills" or "Lord Renné" has turned traitor or true once more. Russell provides a good feel for the tragic in prose that can ring as bright as rushing river water.
