When Otis Courted Mama By Kathi Appelt

Apart from sticker burrs and sand fleas, Cardell's life is mostly wonderful. He knows he's loved through and through by his perfectly good mama and his perfectly good daddy. They live in different parts of the desert, but that's okay—Cardell is mostly used to it. Then Otis comes calling, and Cardell feels a *grrr* form in his throat. Otis can't make jalapeño flapjacks or play Zig-the-Zag anything like Cardell's daddy. And so Cardell waits for Mama to say "*Adiós*, Otis." But what will happen if she doesn't?

Editorial Review

From School Library Journal

PreS-Gr 3—Set in the southwestern desert, this adorable, humble tale of how a young coyote copes with divorced parents will win children's hearts. The cadence of the story, with its soothing repetition, balances the new dual-home reality of so many children today with the old comfort of Home where a child feels "loved through and through." The beautifully toned gouache brushwork and large swatches of color are reminiscent of Rothko's work on one page while evoking classic Golden Book aesthetics on the next. White stands out like the stars in the desert night, and the eyelashes of these coyotes are long and lush or their cheeks blush. Cardell loves his daddy who can sing and play and cook jalapeño flapjacks like no other, but he has to share his "perfectly good daddy" with a stepmother and a baby stepbrother. He loves his "perfectly good mama," but not the series of suitors that come a-courtin' but are soon sent away. Then Otis arrives, and he makes Cardell feel "a grrr form in his throat." He expects his mother to say, "We can do without Otis...but "Adiós, Otis" never came." The complicated feelings of a child who must accept a new stepparent are woefully underrepresented in children's literature. Turns out that Otis can spin a pretty good yarn that "settled on Cardell's fur like a warm blanket. Even the moon seemed to smile." Well, like Otis, this exquisitely told tale is a welcome addition to any collection.—Sara Lissa Paulson, The American Sign Language and English Lower School, New York City

"McElmurry's...gouache illustrations revel in the desert setting, her homey paintings evoking the look of weather-beaten folk art while contributing to the story's overall humor and sweetness."

—***Publishers Weekly***

"Like Otis, Appelt is a gifted storyteller, and families whose circumstances echo Cardell's will welcome this gentle story, which is nicely augmented by illustrator McElmurry's gouache pictures, with their vivid desert colors."

* "Well, like Otis, this exquisitely told tale is a welcome addition to any collection."

—***School Library Journal, starred review***

"Author and illustrator deliver on both substance and humor, capturing childlike emotions and conveying them in witty, comforting prose and in accompanying pictures of coyotes in bandanas and ten-gallon hats...With a sympathetic and charming main character, this story will be particularly relevant for a child with a blended family."
