## Fire & Emergency Services Orientation & Terminology (5th Edition) (Principles of Emergency Services) By IFSTA

**Fire and Emergency Services Orientation and Terminology, Fifth Edition** describes the fire and emergency services as a career. It explains the various roles of fire and emergency services personnel by illustrating typical job and operation descriptions to provide insight into the inner workings of the fire and emergency services. It also covers such other topics as fire prevention, firefighter safety, public fire and life safety education, fire investigation, fire fighting apparatus, protective clothing and self-contained breathing apparatus, and common fire fighting tools and equipment. Meets FESHE objectives for Principles of Emergency Services curriculum. Also contains lengthy glossary of fire- and emergency-related terms.
