### Editorial Review

#### Amazon.com Review

**An Amazon Best Young Adult Book of the Month, May 2014:** E. Lockhart's novel, *We Were Liars*, is clever, alluring, and wildly addictive. Each summer the wealthy, seemingly perfect, members of the Sinclair family gather on their private island. *We Were Liars* is the story of those annual reunions; in particular what happened during a summer that protagonist Cadence is unable to remember. Prejudice, greed, and shifting patriarchal favoritism among the three adult sisters contrasts with the camaraderie and worldview of the teenage cousins and their dear friend Gat. Lazy days of sticky lemonades on the roof and marathon Scrabble games give way to twisty suspense, true love, and good intentions gone horribly wrong. *We Were Liars* is a story that begs to be read in one sitting. --Seira Wilson

#### From School Library Journal

Gr 9 Up—Cadence Sinclair Easton comes from an old-money family, headed by a patriarch who owns a private island off of Cape Cod. Each summer, the extended family gathers at the various houses on the island, and Cadence, her cousins Johnny and Mirren, and friend Gat (the four "Liars"), have been inseparable since age eight. During their fifteenth summer however, Cadence suffers a mysterious accident. She spends the next two years—and the course of the book—in a haze of amnesia, debilitating migraines, and painkillers, trying to piece together just what happened. Lockhart writes in a somewhat sparse style filled with metaphor and jumps from past to present and back again—rather fitting for a main character struggling with a sudden and unexplainable life change. The story, while lightly touching on issues of class and race, more fully focuses on dysfunctional family drama, a heart-wrenching romance between Cadence and Gat, and, ultimately, the suspense of what happened during that fateful summer. The ending is a stunner that will haunt readers for a long time to come.—Jenny Berggren, formerly at New York Public Library

#### From Booklist

\*Starred Review\* Cadence Sinclair Eastman is the oldest grandchild of a preeminent family. The Sinclairs have the height, the blondness, and the money to distinguish them, as well as a private island off the coast of Massachusetts called Beechwood. Harris, the family patriarch, has three daughters: Bess, Carrie, and Penny, who is Cadence's mother. And then there is the next generation, "the Liars": Cadence; Johnny, the first grandson; Mirren, sweet and curious; and outsider Gat, an Indian boy and the nephew of Carrie's boyfriend. Cadence, Johnny, Mirren, and Gat are a unit, especially during "summer 15," the phrase they use to mark their fifteenth year on Beechwood—the summer that Cady and Gat fall in love. When Lockhart's mysterious, haunting novel opens, readers learn that Cady, during this summer, has been involved in a mysterious accident, in which she sustained a blow to the head, and now suffers from debilitating migraines and memory loss. She doesn't return to Beechwood until summer 17, when she recovers snippets of memory, and secrets and lies—as well as issues of guilt and blame, love and truth—all come into play. Throughout the narrative, Lockhart weaves in additional fairy tales, mostly about three beautiful daughters, a king, and misfortune. Surprising, thrilling, and beautifully executed in spare, precise, and lyrical prose, Lockhart spins a tragic family drama, the roots of which go back generations. And the ending? Shhhh. Not telling. (But it's a doozy).**HIGH-DEMAND BACKSTORY:** Lockhart's latest is unlike anything she's done before. With a Printz Honor to back her, plus a major marketing campaign—and a promotional quote from John Green—this is poised to be big. Grades 7-12. --Ann Kelley
