A Practical Guide to Localization (Language International World Directory)

By Bert Esselink

A Practical Guide to Localization was written for technical translators, localization engineers, testing engineers, desktop publishers, project managers, and anyone else who may be involved in the release of multilingual products. In this second edition, translators can learn more about localizing software, online help and documentation files, and the latest translation technology tools. Localization engineers can learn all about developing, engineering, and testing multilingual software and online help projects. For project managers, there is all the information needed for planning translation and localization projects, finding resources, and ensuring product quality. New to this second, fully updated and revised edition are chapters on internationalization, multilingual desktop publishing, and software quality assurance. The book has been designed both as a reference work and a teaching tool.

Bert Esselink has been active in localization for over a decade. After graduating in technical translation and taking university classes in programming and computational linguistics he worked for several years as software localizer, localization engineer, and technical project manager at International Software Products. In 1996 he joined ALPNET in Amsterdam as localization manager before taking on the role of globalization manager, developing internal production quality standards. In January 2000 Bert joined Lionbridge to head up their European globalization consulting services.

Not only through written or printed but additionally can you enjoy this book by simply e-book. In the modern era similar to now, you just looking by your mobile phone and searching what their problem. Right now, choose your current ways to get more information about your book. It is most important to arrange yourself to make your knowledge are still up-date. Let's try to choose right ways for you.

Danny Solberg:

As a student exactly feel bored in order to reading. If their teacher expected them to go to the library or make summary for some publication, they are complained. Just little students that has reading's internal or real their pastime. They just do what the educator want, like asked to the library. They go to right now there but nothing reading significantly. Any students feel that looking at is not important, boring as well as can't see colorful pics on there. Yeah, it is for being complicated. Book is very important for yourself. As we know that on this period of time, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. So , this A Practical Guide to Localization (Language International World Directory) can make you truly feel more interested to read.
