Human Error By James Reason

Modern technology has now reached a point where improved safety can only be achieved through a better understanding of human error mechanisms. In its treatment of major accidents, the book spans the disciplinary gulf between psychological theory and those concerned with maintaining the reliability of hazardous technologies. Much of the theoretical structure is new and original, and of particular importance is the identification of cognitive processes common to a wide variety of error types.

Editorial Review

Review

"...an in-depth analytical framework of human error..." Journal of Perinatal & Neonatal Nursing

"...a comprehensive and often innovative treatment of human error that is both readable and informative."
Gavan Lintern, Human Factors Society Bulletin

Users Review

From reader reviews:

Kevin Burkes:

What do you ponder on book? It is just for students since they are still students or the item for all people in the world, the actual best subject for that? Only you can be answered for that question above. Every person has diverse personality and hobby for each other. Don't to be forced someone or something that they don't would like do that. You must know how great along with important the book Human Error. All type of book are you able to see on many solutions. You can look for the internet options or other social media.

Troy Ethridge:

A lot of people always spent all their free time to vacation or go to the outside with them family or their friend. Do you realize? Many a lot of people spent that they free time just watching TV, or maybe playing video games all day long. If you would like try to find a new activity here is look different you can read a new book. It is really fun to suit your needs. If you enjoy the book that you just read you can spent all day every day to reading a guide. The book Human Error it doesn't matter what good to read. There are a lot of people who recommended this book. These were enjoying reading this book. When you did not have enough space to deliver this book you can buy the e-book. You can more quickly to read this book from a smart phone. The price is not to cover but this book has high quality.

Edward Capps:

People live in this new morning of lifestyle always aim to and must have the spare time or they will get large amount of stress from both way of life and work. So , when we ask do people have spare time, we will say absolutely yes. People is human not really a robot. Then we question again, what kind of activity are there when the spare time coming to you actually of course your answer may unlimited right. Then do you try this one, reading guides. It can be your alternative with spending your spare time, the actual book you have read is Human Error.

Hazel Park:

Do you one of the book lovers? If so, do you ever feeling doubt when you find yourself in the book store? Aim to pick one book that you find out the inside because don't judge book by its protect may doesn't work this is difficult job because you are afraid that the inside maybe not since fantastic as in the outside search likes. Maybe you answer is usually Human Error why because the excellent cover that make you consider about the content will not disappoint an individual. The inside or content is actually fantastic as the outside or cover. Your reading 6th sense will directly show you to pick up this book.
