**Urban Geography** By David Kaplan, James O. Wheeler, Steven Holloway

The Second Edition of Kaplan's *Urban Geography* text aims to uncover the excitement and richness found in cities, while tackling the wide variety of urban challenges. This text offers a comprehensive treatment of urban geography, covering the field both as it has evolved and as it exists today and fully explores the origins and development of cities. Kaplan includes the most current research in urban studies, introduces elements of urban theory and methodology, and addresses the urban experience as a global one. Using crystal-clear language, the text presents key concepts in a straightforward structure that makes mastering the material easy for all students of Urban Geography.
