### Williams Gynecology, Second Edition (Schorge, Williams Gynecology)

Barbara Hoffman, John Schorge, Joseph Schaffer, Lisa Halvorson, Karen  
Bradshaw, Marlene M. Corton

**The only gynecology resource that combines a full-color text and a  
procedural atlas—revised and updated**

Part medical text, part surgical atlas, Williams Gynecology is written by the renowned team of ob-gyn clinicians at Dallas' Parkland Hospital who are responsible for the landmark *Williams Obstetrics*. The new edition of *Williams Gynecology* maintains the consistent tone, leading-edge clinical insights, and quality illustrations of the successful first edition, while expanding and refreshing its content to keep pace with the most recent developments in this dynamic field.

The many important topics covered in *Williams Gynecology* are evidence-based, yet the book is specifically designed as a practical quick-reference guide, aided throughout by helpful teaching points. Reflecting the latest clinical perspectives and research, the second edition features outstanding new coverage of minimally invasive procedures, robotics, and gynecologic anatomy.
