### Chinese and Indian Warfare – From the Classical Age to 1870 (Asian States and Empires) From Peter Lorge

This book examines the differences and similarities between warfare in China and India before 1870, both conceptually and on the battlefield. By focusing on Chinese and Indian warfare, the book breaks the intellectual paradigm requiring non-Western histories and cultures to be compared to the West, and allows scholarship on two of the oldest civilizations to be brought together. An international group of scholars compare and contrast the modes and conceptions of warfare in China and India, providing important original contributions to the growing study of Asian military history.
