Editorial Review

Review

This manual is interesting reading to establish a background for the profession and can be easily read, especially by undergraduates. Graduate students and scholars will find this volume equally useful for the identification of little-known contributors and to identify topics to be pursued in further study. Something for everyone in the early childhood field is contained within this comprehensive resource. Consequently, it is highly recommended to teacher educators....

—Marjorie W. Lee, *National-Louis University*

The authors have in this in-depth and well-written volume indeed captured the deep tradition and the creative knowledge base of early care and education and have given the updated information as a gift not only to those in early education, but also to the entire field of educational history and to the wider society.

—*International Journal of Early Childhood*

Users Review
