### Kingdom Without Borders: Saudi Arabia's Political, Religious, and Media Frontiers (Columbia/Hurst) From Columbia University Press

*Kingdom Without Borders* is the first book to explore the driving forces behind Saudi Arabia's new era of expansionism. Having established a far-reaching political and religious influence, as well as an impressive media empire, Saudi Arabia has become a kingdom without borders, holding both local and international actors in a tight embrace. This phenomenon has yet to be seriously- instead of sensationnally-studied. In this volume, contributors soberly reassess the changing nature of state and society, considering not only the multiple leaders who have risen within Saudi Arabia in recent years but also, thanks to a second oil boom, the consolidation of outside forces that now threaten to subvert the state.

Bringing together leading scholars from Europe, the United States, the Middle East, and Asia, *Kingdom Without Borders* combines both a top-down and grassroots approach to examining the country's growing regional and international influence. Contributors also trace the impact of Saudi Arabia on the religion, economics, and politics of Yemen, Lebanon, and the United States, linking the transformation of local contexts to the external actors of globalization. With a thorough investigation of the history and contemporary manifestations of Saudi expansionism, *Kingdom Without Borders* presents a unique opportunity to view Saudi Arabia's power project within the interrelated realms of local politics, religion, and media genres.

### **Editorial Review**

#### **Review**

One of the best scholars on Saudi Arabia today, Madawi Al-Rasheed brings new and veteran observers together to examine contemporary Saudi Arabia. These contributors adopt a post-9/11 approach that takes a hard look at the country without being beholden to its rulers. In a way, these scholars are just as globalized as the new Saudi Arabia, and this strengthens their analysis.

(Joshua Teitelbaum, senior research fellow at the Moshe Dayan Center for Middle Eastern Studies, Tel Aviv University)

#### **About the Author**

Madawi Al-Rasheed is professor of social anthropology at King's College London. She has published a large number of books and articles on Saudi Arabia, Arab migration, Middle Eastern Christian minorities, and Gulf transnational connections, including *A History of Saudi Arabia* and *Contesting the Saudi State: Islamic Voices of a New Generation*.
