## **Editorial Review**

### **From Publishers Weekly**

Quasi-religiosity drives this sanctimonious parable on leadership by the coauthors of *Reframing Organizations*. This is the scenario: Steve, an executive, makes several visits to his spiritual guide, Maria, who instructs him that spirit and soul are the essence of leadership. As we follow his path to enlightenment, we learn that during Steve's trip to Singapore to visit his firm's newest acquisition, a factory worker hugged him. Maria praises him: "Love worked for you." But Steve receives no hugs in the Topeka branch, and this troubles him and Maria (the reader wonders if perhaps their labor union protected these American workers from having to grovel before the boss). During other sessions, Steve tells Maria about his fiancee, who insists he go to church every other Sunday; on one occasion, pupil and spiritual guide simply sit by a stream and watch a leaf float by. 25,000 first printing.

Cast as a series of dialogs between master and student, this text traces the spiritual growth and development of Steve Camden. At the beginning of his journey, Camden is the stereotypical business leader who thinks and acts without knowing himself in his thinking and acting. Through a number of encounters, Maria, Camden's spiritual teacher, asks him to begin the search for his soul by looking at the little things around him he often neglects. Camden slowly realizes that the absence of soul causes his leadership to be hollow and ineffectual, and he thus recovers the ability to engage in soulful leadership. Unfortunately, there's not much here that can't also be found in Peck, Moore, and others. Not recommended.

### **From Booklist**

This is an eclectic collection of meditations on soul and leadership embedded in a little narrative that describes a surprisingly conventional therapeutic relationship. It will likely appeal to readers caught on a treadmill and longing to feel at home--readers who (as the promotional material puts it) sneak a look at *The Celestine Prophecy* after hours. The book is chock-full of explosives--Sufi mysticism, Ernest Becker, Rumi, and Soren Kierkegaard--but they are dropped like pebbles, not bombshells. No rocking the boat here: the point is comfort, not critique. *Steve Schroeder*
