**Learn PowerShell Toolmaking in a Month of Lunches** By Don Jones, Jeffery Hicks

## Summary

Packed with hands-on labs to reinforce what you're learning, *Learn PowerShell Toolmaking in a Month of Lunches* is the best way to learn PowerShell scripting and toolmaking. Just set aside one hour a day—lunchtime would be perfect—for each self-contained lesson. You'll move quickly through core scripting concepts and start working on four real-world, practical tools. Each chapter adds more functionality, including custom formatting, error handling, parameterized input, input validation, help files and documentation, and more.

## About this Book

You don't have to be a software developer to build PowerShell tools. With this book, a PowerShell user is a step away from becoming a proficient toolmaker. *Learn PowerShell Toolmaking in a Month of Lunches* is the best way to learn PowerShell scripting and toolmaking in just one hour a day. It's packed with hands-on labs to reinforce what you're learning. It's an easy-to-follow guide that covers core scripting concepts using four practical examples. Each chapter builds on the previous one as you add custom formatting, error handling, input validation, help files, and more.

Purchase of the print book comes with an offer of a free PDF, ePub, and Kindle eBook from Manning. Also available is all code from the book.

## What's Inside

- Build your own administrative tools
- Learn by doing with hands-on labs
- Make scripts that feel like native PowerShell cmdlets

This book does not assume you are a programmer. Experience using PowerShell as a command-line interface is helpful but not required.

## About the Authors

**Don Jones** is a PowerShell MVP, speaker, and trainer. **Jeffery Hicks** is a PowerShell MVP and an independent consultant, trainer, and author. Don and Jeff coauthored *Learn Windows PowerShell 3 in a Month of Lunches, Second Edition* (Manning 2012) and *PowerShell in Depth* (Manning 2013).
