## War By Gwynne Dyer

While modern science ponders whether human beings are programmed toward belligerence and warfare, there is no doubt that war has been humanity's constant companion since the dawn of civilization, and that we have become all too proficient in its conduct. In *War*, noted military historian Gwynne Dyer ranges from the tumbling walls of Jericho to the modern advent of total war in which no one is exempt from the horrors of armed conflict. He shows how the martial instinct has evolved over the human generations and among our close primate relations, such as the chimpanzee. Dyer squarely confronts the reality of war, and the threat of nuclear weapons, but does not despair that war is our eternal legacy. He likes and respects soldiers, even while he knows their job is to kill; he understands the physics and the psychology of battles, but he is no war junkie. Dyer surveys the fiery battlefields of human history, never losing sight of the people caught up in war. He actually believes there is hope that war can be abolished, that human beings are more than just our genes. *War* is an award-winning book that explores the human past to imagine a different future.

### Editorial Review

From Publishers Weekly

A chronicle of organized human aggression gets a timely update in this new edition of a seminal book originally published 20 years ago. As Dyer covers the history of human warfare—from primitive tribal skirmishes and the "total war" of WWI and II to the imbroglios of the past 30 years (including the current one in Iraq)—a sense of cyclical inexorability begins to creep in, of history repeating itself again and again. One is struck by the notion that the only changes in the historical narrative of humans at war are new strategies necessitated by new, and exponentially more deadly, technologies. Implicit in Dyer's argument is the idea that, in war, humans have become increasingly subjugated to the increasingly awesome power of their machines, so that the nuclear stalemate of the Cold War becomes a logical extension of the deadlock of WWI trench warfare. Dyer is an accomplished military historian who bolsters his extensive knowledge with a rhetorical style that is at once invisible and entirely convincing. Structurally, the book accords in and out from the psychology of individual soldiers, to the workings of whole armies, to broader historical movements and how they change (and stay the same) through time. It is a powerful effect, and one that ultimately makes this book at once a valuable historical treatise and a fervent and compelling call toward pacifism.

### About the Author

GWYNNE DYER served in the Canadian, British, and American navies. He earned a Ph.D. in military history from the University of London, and was a senior lecturer in war studies at the Royal Military Academy, Sandhurst. The original version of this book, published in 1985, won a Columbia University School of Journalism Award. A seven-part television series based upon War was broadcast in forty-five countries in the mid-1980s; one of the episodes was nominated for an Academy Award. Dyer writes a twice-weekly newspaper column on international affairs and security policy that is published by 175 newspapers worldwide, many in the U. S. He lives in London with his wife and children.

#### From reader reviews:

##### John Charlie:

A lot of people always spent their free time to vacation or even go to the outside with them friends and family or their friend. Do you know? Many a lot of people spent that they free time just watching TV, as well as playing video games all day long. If you wish to try to find a new activity this is look different you can read the book. It is really fun to suit your needs. If you enjoy the book which you read you can spent 24 hours a day to reading a reserve. The book War it is rather good to read. There are a lot of individuals who recommended this book. We were holding enjoying reading this book. Should you did not have enough space to create this book you can buy often the e-book. You can m0ore effortlessly to read this book from your smart phone. The price is not to fund but this book has high quality.

**Ruby Mejia:**

Would you one of the book lovers? If yes, do you ever feeling doubt when you find yourself in the book store? Try to pick one book that you just dont know the inside because don't evaluate book by its cover may doesn't work is difficult job because you are frightened that the inside maybe not because fantastic as in the outside appearance likes. Maybe you answer can be War why because the amazing cover that make you consider in regards to the content will not disappoint a person. The inside or content is actually fantastic as the outside or maybe cover. Your reading 6th sense will directly show you to pick up this book.

**Kathleen Bonds:**

Reading a book for being new life style in this calendar year; every people loves to learn a book. When you examine a book you can get a great deal of benefit. When you read textbooks, you can improve your knowledge, because book has a lot of information onto it. The information that you will get depend on what sorts of book that you have read. If you need to get information about your study, you can read education books, but if you act like you want to entertain yourself look for a fiction books, this kind of us novel, comics, as well as soon. The War provide you with new experience in looking at a book.

**Edward Yung:**

Many people said that they feel bored stiff when they reading a publication. They are directly felt it when they get a half areas of the book. You can choose the particular book War to make your own personal reading is interesting. Your current skill of reading expertise is developing when you like reading. Try to choose very simple book to make you enjoy to see it and mingle the sensation about book and reading through especially. It is to be 1st opinion for you to like to available a book and examine it. Beside that the reserve War can to be a newly purchased friend when you're feel alone and confuse with what must you're doing of that time.
