**When Food Is Love: Exploring the Relationship Between Eating and Intimacy** By Geneen Roth

**#1 New York Times bestselling author of *Women Food and God***

**“A life-changing book.”—Oprah**

In this moving and intimate book, Geneen Roth, bestselling author of *Feeding the Hungry Heart* and *Breaking Free from Compulsive Eating*, shows how dieting and emotional eating often become a substitute for intimacy. Drawing on her own painful personal experiences, as well as the candid stories of those she has helped in her seminars, Roth examines the crucial issues that surround emotional eating: need for control, dependency on melodrama, desire for what is forbidden, and the belief that one wrong move can mean catastrophe. She shows why many people overeat in an attempt to satisfy their emotional hunger, and why weight loss frequently just uncovers a new set of problems. But her welcome message is that change is possible. This book will help readers break destructive, self-perpetuating patterns and learn to satisfy all the hungers—physical and emotional—that make us human.

### Editorial Review

From Publishers Weekly

This is the fourth book ( *Feeding the Hungry Heart*, etc.) generated by the seminars Roth conducts at her Berkeley, Calif., home for people who believe that if they were thin, they would be happy. But the author makes clear that losing weight doesn't automatically gain one success, respect and love. Roth's personal story and those of her clients as related here exemplify the need to discover why the overweight are addicted to food. Citing her own deprived childhood, the author demonstrates that gluttons seek the reliable comforts of eating instead of closeness with humans who might become abusive (like her mother) or vanish (like her father). Those bent on self-improvement will find that the book merely repeats well-known principles in a melodramatic fashion.
