Alice At Heart (The Water Lilies Series Book 1) By Deborah Smith

Shy, charming, peculiar, and web-toed, Alice Riley has suffered for years at the hands of her dead mother's self-righteous family, while she hides a bevy of secret abilities. When Alice rescues a drowning child, her amazing talents are exposed. Alice can remain underwater for extraordinary periods of time, and she can locate submerged objects through some type of natural sonar ability. Her new fame/notoriety puts Alice in the national news, amidst allegations that she has somehow faked or manipulated the rescue for her own glory. Alice is trapped and desperate until three amazing older women arrive in her hometown. They are the regal and flamboyant Bonavendier sisters--dignified Lilith, acerbic Mara, and whimsical Pearl--of Sainte's Point Island, their ancestral home off the coast of Georgia. They've read Alice's story in the news and are convinced that she is their long-lost (and much younger) half sister, conceived in a reckless seduction their elderly father confessed to before he died.

Like Alice, the Bonavendier sisters have webbed toes and certain amazing abilities, though none of them have Alice's marked talent for finding things underwater. Alice is no oddity to them. They explain that--like them--she is descended from a mermaid.

Editorial Review

From Library Journal

Reclusive, wary, and known locally as Odd Alice, orphaned Alice Riley has always known she was different; but it isn't until she saves a child from drowning by using her phenomenal underwater abilities and links minds with drowning salvage diver Griffin Randolph and saves him, too, that her half-sisters learn of her existence, and she discovers how special she and Griffin really are. Old secrets, revenge, and passion fuel this compelling, intricately plotted story of love, trust, and acceptance, which successfully straddles the line between romance and fantasy and should appeal to fans of both genres. Recalling Susan Krinard's werewolf romances, Smith's new work nicely sets the stage for her projected romantic fantasy series, "Water Lilies." Smith (On Bear Mountain) is a respected writer of romances and other types of fiction and lives in Dahlonega, GA. From Booklist

Alice, an ugly duckling with webbed feet who never grew into a swan, is taking a frigid winter swim in Lake Riley, high in the Georgia Appalachians, when she has a vision of a drowning diver. She sends Griffin Randolph a mental message to breathe and establishes a telepathic link. At the same time a little girl falls into the icy lake on the opposite shore, and, amazingly enough, Alice is able to save her, but the rescue puts her unhappily in the spotlight and under suspicion. Then the three glamorous Bonavendier sisters of Sainte's Point Island show up at the awards ceremony and inform Alice that she's their father's posthumous daughter. When Alice arrives at the island, she discovers that she and Griffin have a mysterious bond, that a long-standing enmity separates his family and hers, and that the Bonavendiers' past includes a mermaid great-grandmother and accusations of piracy. Readers of Alice Hoffman will enjoy Smith's surprisingly convincing blend of romance and magical realism. *Diana Tixier Herald*
