**Coastal Lagoons** By I.Ethem Gonenc

*Coastal Lagoons: Ecosystem Processes and Modeling for Sustainable Use and Development* describes the concepts, models, and data needed to design and implement management programs for long-term sustainability of coastal lagoons. Based on a project conducted under the auspices of NATO-CCMS, the book provides information and methodologies essential for selecting the most appropriate solution for a targeted lagoon environment, highlights issues that must be taken into account for optimal evaluation, and illustrates what short- and long-term changes that can be expected from the application of models presented. This book is a valuable tool for managers designing a sound, ecosystem oriented, model-based sustainable development solution.
