Plagues and Peoples By William H. McNeill

Upon its original publication, *Plagues and Peoples* was an immediate critical and popular success, offering a radically new interpretation of world history as seen through the extraordinary impact--political, demographic, ecological, and psychological--of disease on cultures. From the conquest of Mexico by smallpox as much as by the Spanish, to the bubonic plague in China, to the typhoid epidemic in Europe, the history of disease is the history of humankind. With the identification of AIDS in the early 1980s, another chapter has been added to this chronicle of events, which William McNeill explores in his new introduction to this updated edition.

Thought-provoking, well-researched, and compulsively readable, *Plagues and Peoples* is that rare book that is as fascinating as it is scholarly, as intriguing as it is enlightening. "A brilliantly conceptualized and challenging achievement" (Kirkus Reviews), it is essential reading, offering a new perspective on human history.

Editorial Review

Amazon.com Review

No small themes for historian William McNeill: he is a writer of big, sweeping books, from **The Rise of the West** to **The History of the World**. **Plagues and Peoples** considers the influence of infectious diseases on the course of history, and McNeill pays special attention to the Black Death of the 13th and 14th centuries, which killed millions across Europe and Asia. (At one point, writes McNeill, 10,000 people in Constantinople alone were dying each day from the plague.) With the new crop of plagues and epidemics in our own time, McNeill's quiet assertion that "in any effort to understand what lies ahead the role of infectious disease cannot properly be left out of consideration" takes on new significance.

From the Publisher

McNeill's highly acclaimed work is a brilliant and challenging account of the effects of disease on human history. His sophisticated analysis and detailed grasp of the subject make this book fascinating reading. By the author of *The Rise Of The West*.

From the Inside Flap

Upon its original publication, "Plagues and Peoples was an immediate critical and popular success, offering a radically new interpretation of world history as seen through the extraordinary impact--political, demographic, ecological, and psychological--of disease on cultures. From the conquest of Mexico by smallpox as much as by the Spanish, to the bubonic plague in China, to the typhoid epidemic in Europe, the history of disease is the history of humankind. With the identification of AIDS in the early 1980s, another chapter has been added to this chronicle of events, which William McNeill explores in his new introduction to this updated edition.

Thought-provoking, well-researched, and compulsively readable, "Plagues and Peoples is that rare book that is as fascinating as it is scholarly, as intriguing as it is enlightening. Users Review

From reader reviews:

Kathryn Glover:

Have you spare time to get a day? What do you do when you have more or little spare time? Sure, you can choose the suitable activity intended for spend your time. Any person spent their spare time to take a move, shopping, or went to often the Mall. How about open or perhaps read a book called *Plagues and Peoples*? Maybe it is to become best activity for you. You know beside you can spend your time with your favorite's book, you can better than before. Do you agree with it is opinion or you have some other opinion?

Patricia Morales:

As people who live in the modest era should be change about what going on or info even knowledge to make these people keep up with the era which is always change and move forward. Some of you maybe may update themselves by looking at books. It is a good choice in your case but the problems coming to you is

you don't know what one you should start with. This *Plagues and Peoples* is our recommendation so you keep up with the world. Why, since this book serves what you want and wish in this era.

Julie Berkey:

Reading a e-book tends to be new life style on this era globalization. With studying you can get a lot of information that can give you benefit in your life. With book everyone in this world can share their idea. Textbooks can also inspire a lot of people. Plenty of author can inspire their particular reader with their story or perhaps their experience. Not only situation that share in the textbooks. But also they write about advantage about something that you need example. How to get the good score toefl, or how to teach your young ones, there are many kinds of book that you can get now. The authors on this planet always try to improve their ability in writing, they also doing some research before they write with their book. One of them is this *Plagues and Peoples*.

Cynthia Tso:

Many people spending their time frame by playing outside having friends, fun activity together with family or just watching TV the whole day. You can have new activity to enjoy your whole day by studying a book. Ugh, think reading a book can actually hard because you have to bring the book everywhere? It fine you can have the e-book, bringing everywhere you want in your Smart phone. Like *Plagues and Peoples* which is having the e-book version. So , why not try out this book? Let's notice.
