**The Threshold Of Democracy: Athens in 403 B.C. (Fourth Edition) (Reacting to the Past)** By Josiah Ober, Naomi J. Norman, Mark C. Carnes

**A Norton original in the *Reacting to the Past* series, *The Threshold of Democracy* re-creates the intellectual dynamics of one of the most formative periods in western history.**

In this *Reacting to the Past* game, the classroom is transformed into Athens in 403 BCE. In the wake of Athenian military defeat and rebellion, advocates of democracy have reopened the Assembly, but stability remains elusive. As members of the Assembly, players must contend with divisive issues like citizenship, elections, re-militarization, and dissent. Foremost among the troublemakers: Socrates.

*Reacting to the Past* is an award-winning series of immersive role-playing games that actively engage students in their own learning. Students assume the roles of historical characters and practice critical thinking, primary source analysis, and argument, both written and spoken.
